

Agamemnon Serafeim

Web/Mobile Developer

About Me

Hello, I'm Agamemnon, a Mobile and Web Developer based in Greece. My first experience with programming was in 2018. In 2022, I accumulated enough experience through my personal projects and university to start Freelance Web Development. In 2023, I joined the Mobile Development Department of the Deloitte Alexander Competence Center, Greece.

My Professional Experience

- **React-Native/Wordpress Developer**

Worked on creating a **headless Wordpress E-Shop app** and **Wordpress plugins** for a local Web Development company.

Duration: July 2022 - Sept 2022

Technologies: **React-Native, Wordpress Woocommerce REST API, PHP**

- **Static Website Freelance Developer**

Worked as a remote freelancer, creating **static websites** for the clients of a French Web Development company.

Duration: Febr 2023 - July 2023

Technologies: **HTML, CSS, Javascript/Jquery, PHP**

- **React Native/Angular Developer**

Working as a **Mobile Developer** in the Mobile Development Department of **Deloitte**, at the Deloitte Alexander Competence Center in Greece, Thessaloniki. So far, I have taken part in one project involving the modernization of a mobile application for an international energy provider. We are rebuilding the legacy app, originally developed with the **ionic Angular** framework, using **React Native**.

Duration: Dec 2023 - Present

Technologies: **React Native, Ionic Angular**

Languages

Greek: Native

English: Fluent

Skills & Tech

React/React-Native + Typescript

My main language and framework. I have been programming with React and the Javascript Ecosystem as a hobby for three years and professionally for over two years and counting.

Also worked with:

Angular/Ionic

Python

Next.js

Wordpress

Java

Postgresql

HTML & CSS

JQuery

Education

2020 - Present

Undergraduate Student at the **International Hellenic University**, Department of Information and Electronic Engineering, Thessaloniki, Greece.
